**M'LOUGHLIN IS HERO IN TENNIS CIRCLES**  
NEW YORK, June 10.—Wallace F. Johnson of Philadelphia, who was formerly the intercollegiate tennis champion, was booked as a passenger on the ship "The Pennsylvania" for England, as the first of four prominent American players who will enter the all-England championships at Wimbledon, near London, on Monday, June 23.

As announced, Maurice E. McLaughlin, of California, and Norris Williams, the young Harvard player, and Harold H. Hackett of New York, who have just defeated the Australians in the Davis cup preliminary, will follow next Thursday on the steamer Battle to complete the quartette of American entrants and incidentally get practice for the intercollegiate tennis championships.

McLaughlin proved such a fiery opponent yesterday in adding the third and decisive point to the American score in the preliminary that the Australians dubbed him "the California corner." His admirers among his own countrymen today could find no words strong for his praise and insisted that he was proving himself to be without a peer in tennis the world over.

**CHAMPIONSHIP GAMES AT GARFIELD TODAY**  
The opening games of the Utah Copper company plant league will be played today in the vicinity of Garfield. The games will be called at 2:30 o'clock.

The Arthur team will meet the Smelter nine. Williams and Sutherland will work for Arthur and Remington and Stack will do duty for the Smelter.

Magna meets Townsite. Grady and Budd are the batter for Magna and Townsite. The schedule of the four-team league is divided into two series. The winners of each will receive a handsome cup. In the first division winners will play for a beautiful pennant.

Much interest attaches to the struggle in the new league. The attendance is expected to run into the thousands.

**Box at Saltair.**  
Ad Zotte and Jimmy Walsh will meet for twenty rounds at Saltair on June 23, on the occasion of the outing of the United Commercial Travelers. Walsh, who is in Boston, was supplied with transportation yesterday.

## SPEEDWAY TO LAKE TO OPEN WEDNESDAY

**Course Will Be Put In Commission With Auto and Motor Bike Races.**

The new speedway between the city and Saltair will be formally opened next Wednesday with automobile and motorcycle racing. The speedway is expected to develop into the greatest straightaway automobile course in the world. It was built by owners of automobiles and approximately 200 stockholders are interested in the project. The course is about fifteen miles long. It stretches for length about a mile north of the Saltair road, and is twenty-eight feet in width. It is being situated and packed and will be in perfect condition for record time when the opening day rolls round.

The races will begin at 3 o'clock. There will be special prizes in all classes. In one division will be entered automobiles of fifty horsepower and upward and in another there will be entered machines of thirty horsepower and under. In addition to the automobile events, there will be racing for motorcycles. It is expected that fifty motorcycle bikes will participate.

While the speedway has been built exclusively for the use of the automobile owners who hold stock in the enterprise, a general invitation to everybody is extended for the opening day.
